GMU Geotechnical, Inc.  
(2016-Present)  
Rancho Santa Margarita,  
California

**SUMMARY OF EXPERIENCE**

Ms. Anderson started working for GMU in 2016 and has steadily assumed increasing staff engineering responsibilities. She performs engineer and field technician responsibilities in the office and field. She performs testing and ensures compliance with testing standards, ensures testing is done in a timely manner, performs QA/QC testing and calibrations, and interacts with professional engineers and geologists. Ms. Anderson ensures all requirements are met to maintain lab and field personnel certifications. These certifications include AASHTO, Caltrans, City of Los Angeles and DSA. Ms. Anderson's professional experience includes:

- Project Engineering Support
  - Field Document Management
  - Field Technician Support
  - Pavement QA Report Preparation
- Field Engineering Support
  - OCTA Pavement Inspections
  - PAVER Pavement Condition Assessments
  - Monometer Surveys
  - Photographic Documentation
  - Asphalt Observation and Sampling
  - Plant Observation and Sampling
  - Assistant Radiation Safety Officer
- Laboratory Testing and Oversight
  - Lab Project Management
  - Soils Testing
  - Soil Chemical Testing
  - Cement/Lime Treatment Testing
  - Asphalt Testing
  - Laboratory Calibrations
  - New Test Preparation
