SUMMARY OF PROFESSIONAL EXPERIENCE

Mr. Biehn has over 21 years of experience as a Registered Special Inspector and Engineering Senior Technician. His experience includes concrete, masonry, post-tension/pre-stressed concrete, spray-applied fireproofing, epoxy, and bolting of various Caltrans and private bridges, schools, public works, airports, hotels and retail structures throughout Southern California. He also has geotechnical background testing soils and asphalt concrete in various cities and counties on public roads and retail locations. Mr. Biehn has been in positions of leadership on numerous high-profile projects. His duties have included: supervising other building inspectors, maintaining project field files and related documents, and public relations. In addition to working as a Deputy Building Inspector and Engineering Technician, Mr. Biehn currently works as Special Inspection Manager for GMU Geotechnical, Inc. His responsibilities consist of supervising all special inspection projects, including plan review, project research, and preparation of bids and proposals. A representative selection of Mr. Biehn's project experience is included below:

- Cow Camp Rd. Gobernadora Canyon Bridge, County of Orange
- Cow Camp Rd. Chiquita Canyon Bridge, County of Orange
